

Farm & Conservation Planning Workshop

Thursday, March 31, 2016

9:30 a.m. – 1:00 p.m.

Ag Building

400 E. Courtland Ave.

* Quitman, GA 31643

**Please call 229-723-3841 for a reservation*

A team of conservation planning professionals will be on hand to discuss the benefits and logistics of completing NRCS farm conservation plans. The Golden Triangle RC&D has resources available to assist historically underserved producers, beginning, limited resource, and/or veteran farmers and ranchers in completing NRCS-approved farm conservation plans. These plans will be critical for farmers wishing to participate in programs funded in the most recent Farm Bill. There will be professionals on hand to discuss Heirs Property, Water Resources, and Crop Insurance as well as professionals from NRCS, EPD, and FSA.

Sponsored by the Golden Triangle RC&D and made possible through grant funds provided by the USDA Office of Advocacy and Outreach.

FREE WORKSHOP

A working lunch will be provided

For Reservations call: Golden Triangle RC&D at
