10 a.m. to 3 p.m. Lunch is on your own.

Oconee Fall Line Technical College / Dubose Porter Center

360 Pinehill Road

Dublin, Georgia 31021

## Do You Want to Sell Your Farm Eggs?

Georgians who want to produce and legally sell eggs must comply with the Georgia Egg Law and obtain an egg candling certificate/license to sell from the Georgia Department of Agriculture.

Egg candling certification is obtained by successfully completing an Egg Candling course, which includes a written examination and a hands-on candling examination, which are both administered by Georgia Department Agriculture representatives. The recommended study materials to successfully complete the Egg Candling Course include the Georgia Egg Law and the USDA Federal Egg-Grading Manual. Study materials will be emailed to all registered participants.

**Participants must pre-register by calling the UGA Extension office in Laurens County at 478-272-2277. Due to COVID-19 restrictions, no on-site registrations are allowed. Space is limited to 20 participants. There is no cost for the class.**
