

2021 Corn & Soybean Production Meetings

The University of Georgia Grains Team would like to invite you to attend our annual corn and soybean county production meetings virtually. Specialist from the University of Georgia Extension Grains Team will discuss current topics covering agronomics, fertility, irrigation, pest control, and economics with results from recent field trials.

All of these talks will be presented on four separate days through January and February to accommodate your schedule as best possible. Pesticide and CCA license credits are available for attendees. The dates are as follows:

Corn & Soybean	January 8 th 2021	9:30 am – Noon
Corn & Soybean	January 14 th 2021	6:00 pm – 8:30 pm
Corn & Soybean	January 29 th 2021	9:00 am – 11:30 am
Corn & Soybean	February 16 th 2021	6:00 pm – 8:30 pm

If you are going to watch the meetings from your own computer you must use the link below to register for the meeting in order to receive your access link. If you need CCA CEU and/or GA Pesticide credits your license number and county information must be entered into the registration form as well. Zoom links to access the meetings will be emailed to the email address entered at registration the day of the meeting.
