UNIVERSITY OF GEORGIA
EXTENSION

Insect Management in Pastures

Learn how to scout, ID, and manage common insect pests in pastures and hayfields.

**1 HOUR PESTICIDE CREDIT:
CATEGORY 10 OR 21**

Weed Management in Pastures

Weeds steal nutrients, sunlight, and space from desirable forage grasses. Learning about how to effectively manage them is important for maintaining a quality pasture or hayfield.

**1 HOUR PESTICIDE CREDIT:
CATEGORY 10 OR 21**

Handling & Using Pesticides Safely

Pesticides are necessary to handle weeds, insects, and diseases in agriculture. This session will focus on ensuring you are using them safely.
